Why the **Pick&Carry**

Products Range

Lifter
from 0.9 up to 1.3 ton

1.

KEEP MOVING

Radio remote control
from 2.5 up to 58 ton

2.

ENJOY

Cabin cruise
from 6 a 70 ton

3.

ON THE ROAD

Lige Cabin cruise
from 4 a 12 ton

4.

EASY WAY

Carry deck
from 10 a 50 ton

5.

GOOD JOB

Telescopic forklift
8 ton

6.

FEEL STRONG

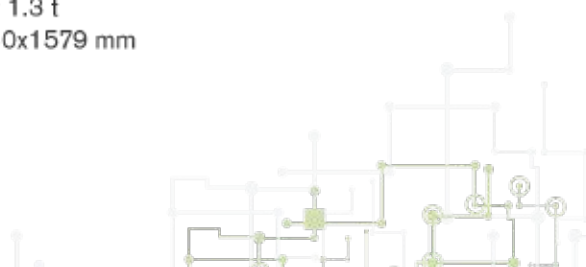

Lifter

The JMG lifter range has been created in order to meet customers' necessities who need a compact machine to perform maintenance in environments which are difficult to reach by other equipment.

► **Speedylifter 99**
Max Capacity 0.9 t
D.I.: 2357x840x1579 mm

► **Speedylifter 99**
Max Capacity 1.3 t
D.I.: 2357x840x1579 mm

Radio remote control

The range of remote-controlled cranes is designed to perform optimal manoeuvres in confined tight spaces. Through the use of the remote control, the operator can perform all movements in total safety.

Cabin cruise

The cabin cruiser cranes can also be used with optional remote control for all maneuvers.

► MC 60

Max Capacity 6.0 t
D.I.: 3200x1650x1860 mm

► MC 85

Max Capacity 8.5 t
D.I.: 3655x1700x1900 mm

► MC 120

Max Capacity 12 t
D.I.: 4020x1950x2000 mm

► MC 160

Max Capacity 16 t
D.I.: 4395x2070x2000 mm

► MC 250

Max Capacity 25 t
D.I.: 4770x2150x2200 mm

► MC 100 HYBRID

Max Capacity 10 t
D.I.: 3955x1845x1970 mm

► MC 350

Max Capacity 35 t
D.I.: 5170x2250x2295 mm

► MC 580

Max Capacity 58 t
D.I.: 5295x2350x2479 mm

► MC 700MT

Max Capacity 70 t
D.I.: 5400x2390x2750 mm

Lige Cabin cruiser

Lige pick & carry cranes are an alternative to traditional handling equipment. Quality and ease of use complete the Lige Made in Italy product.

► LIGE 40

Max Capacity 4 t
D.I.: 3100x1300x2130 mm

► LIGE 60

Max Capacity 6 t
D.I.: 3390x1600x2190 mm

► LIGE 90

Max Capacity 9 t
D.I.: 3640x1800x2245 mm

► LIGE 120

Max Capacity 12 t
D.I.: 4110x1675x2340 mm

Carry deck

Carry-Deck electric battery-operated pick and carry cranes are models with continuous and unlimited 360° slewing boom, characterized by rowing machine and remote control for all maneuvers.

► MC 100RE - Telescopic crane

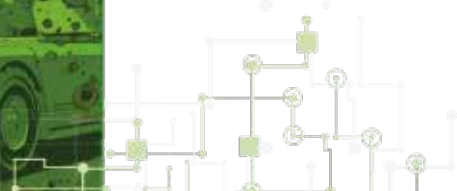

Max Capacity 10 t

D.I.: 4150x1850x1980 mm

► MC 50000RE - Knuckle crane

Capacity 50 t.m

D.I.: 5130x2050x2810 mm

Telescopic forklift

Characterized by its compact design, the JMG MC80.06 has been designed primarily to be equipped with the optional 8000 kg hydraulic fork.

► JMG - MC80.06

Max Capacity crane 12 t

Max Capacity Hydraulic forks 8t @ 600mm

D.I.: 3200x1500x1945 mm

Crane equipped with hydraulic fork and crane hook

Main Features

Main Options

- ▶ Mechanic Jib
- ▶ Hydraulic Jib
- ▶ Hydraulic winch
- ▶ Hydraulic Fork
- ▶ Glass manipulator
- ▶ Vacuum
- ▶ Man bucket

- ▶ Radio-remote control
- ▶ On board HF battery charger
- ▶ Cameras
- ▶ Telemetry
- ▶ Fire extinguisher
- ▶ Painting Customizable

- ▶ Front outriggers

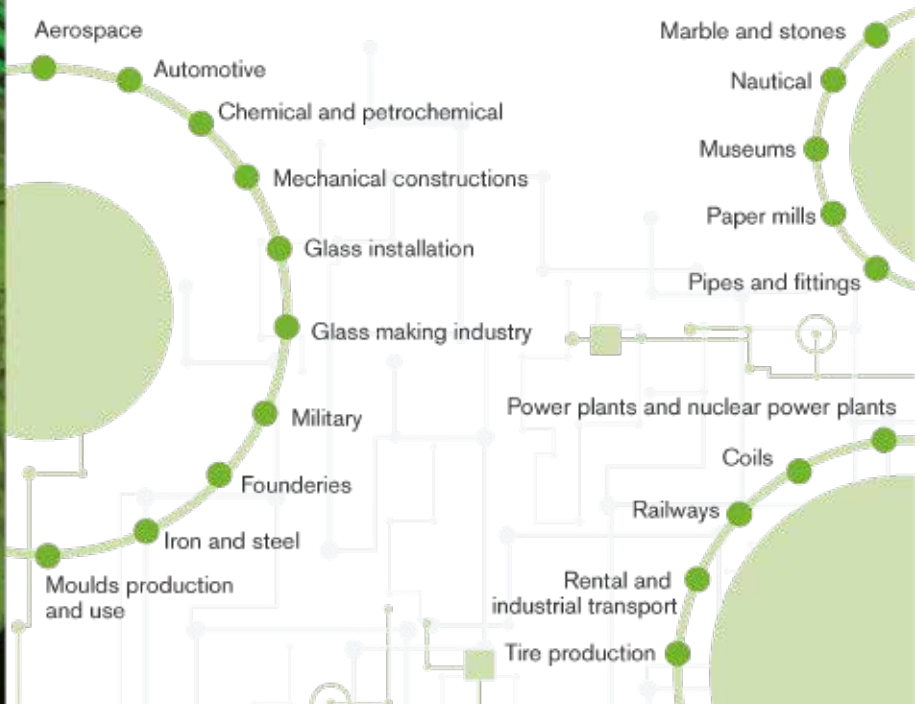

- ▶ Non marking tires

Applications fields

Electric battery-operated Pick&Carry cranes are silent and eco-friendly. Excellent maneuverability and high performance make them suitable for any industrial sector.
